### Did YOU Know?

George Washington spent more time in New Jersey than anywhere else during the Revolutionary War. Many of the locations where he and the Continental Army marched, encamped, and fought battles are still here to be explored.

*The NJ American Revolution Geocaching Trail was developed by Northern New Jersey Cachers, NNJC. We thank all the program partners who are stewards of New Jersey's Revolutionary War history and support this American Revolution Geocaching Program trail.*

## The New Jersey American Revolution Geocaching Trail

This journey will connect you with history, people, and places to give you an appreciation of the endurance of the American spirit. Patriots who fought for liberty and made our freedom possible, what they endured to achieve and build a new nation.

Participants will experience stunning landscapes at New Jersey State battlefields, pristine natural resources at the cliffs of the palisades of Fort Lee, explore encampments, George Washington's headquarters, historic churches, and historic houses. You'll visit Washington Crossing State Park where the brave patriots crossed the wintry Delaware and marched on to capture Trenton.
